CYCLE	Workouts designed to increase your cardiovascular health, improve your fitness & burn calories!
Cycle (45mins)	A high-energy 45-minute cycle focusing on cardiovascular fitness, lower body strength and endurance. Adjustable resistance makes it suitable for all fitness levels.
Cycle XPRS (30mins)	A high-energy 30-minute cycle focusing on cardiovascular fitness, lower body strength and endurance. Adjustable resistance makes it suitable for all fitness levels.
STRENGTH	Lean down, improve bone density, become more toned and have a tighter, firmer body!
Abs, Butts & Thighs	A combination of strength enhancing exercises that will target your Abs, butt & thighs.
Body Pump	Les Mills Body Pump is a barbell-based strength workout that tones and strengthens the whole body using light to moderate weights and high repetitions.
Core	Centralized strength & conditioning for your core.
Strength	This class is designed to improve muscular strength, endurance, bone density, while enhancing mobility and stability. Each session is carefully programmed with a balanced mix of upper and lower body exercises, with a strong focus on technique, control, and proper form.
Strength + Abs	A combination of strength training and focused abs exercises to improve muscle tone and core stability.
STRENGTH/CARDIO	The best of both Worlds! Get fit & firmer - all in the one session!
Abs, Butts, Thighs	Focusing purely on strengthening your abs butts and thighs. A combination of strength enhancing exercises & cardio!
Burn & Build	A combination of cardio and strength exercises designed to burn fat, tone, sculpt and build muscle.
Box Fit	Power through this high-energy boxing and cardio class, blending punches, kicks, and bodyweight exercises to burn calories, build strength, and boost endurance.
Circuit	Improve your strength and fitness in this total body workout using strength, balance, and agility exercises in a circuit formation.
Circuit Low Impact	This is a low impact but dynamic workout incorporating gentle upper and lower body exercises with core strength, balance, and flexibility.
Fit Fusion	Fit Fusion offers a wide range of disciplines to provide an overall body workout using cross training & cross fit techniques utilizing major muscles of the body.
Power Burn	Power Burn is a high-energy workout that blends strength training with cardio bursts to torch calories and build lean muscle.
Power Circuit	Let the calories burn away in this high energy body weight exercise class. Functional training in a circuit formation with cardio bursts will get the heart rate up.
Strength + Conditioning	This circuit combines cardio and strength training exercises, offering detailed technique support alongside the energy and encouragement of a community.
Strength Power	Strength Power is a strength-focused class designed to build muscular strength, endurance, and bone density, while enhancing mobility and stability. Suitable for all fitness levels, with options to progress or regress. Expect interval training, a challenging, empowering workout that leaves you feeling strong and accomplished.
Shred & Core	Elevate your cardio fitness with this energising, full-body workout designed to get your heart pumping and your body moving. Expect a mix of high and low-impact options to suit all fitness levels, followed by a focused 5-10 minute abdominal burn to finish strong!
DANCE	Dance yourself fit, burn calories & have fun at the same time!
Dance Fitness	Dance to pop, hip-hop, Latin, Afro-fusion, Bollywood, and belly dancing tunes in this lively class, blending new steps with classic Zumba for a fun cardio twist.
Zumba	The Zumba program fuses Latin rhythms and International music to create a fun, dance based workout.
MIND AND BODY	Improve your flexibility, strengthen your core & spine - & relax!
Barre	A complete Barre fitness class blending Pilates, fitness training, and ballet for a toned, lean, and balanced body.
Barre Sculpt	A dynamic Barre class that combines traditional barre, Pilates, and ballet with added strength training using weights and resistance equipment. Designed to build lean muscle, improve posture, and increase overall strength while maintaining the balance, control, and toning benefits of Barre
Dynamic Flow Yoga	A dynamic, continuous flow designed to improve flexibility, strength and body awareness.
Gentle Flow Yoga	A gentle guided flow of postures designed to gently stretch the body and improve movement and balance.
Hatha Yoga	A grounding yoga practice combining physical postures and breath control.
Hatha Flow	A slow, flowing style of yoga that blends traditional Hatha poses with smooth transitions between movements. Hatha Flow focuses on building strength, improving flexibility, and enhancing balance while connecting breath to movement.
Hatha Restore	This class blends Hatha and Restorative yoga, featuring poses to stretch, strengthen, and relax your body using props. It concludes with pranayama and meditation, leaving you de-stressed and ready for restful sleep.
Meditation	Heartfulness meditation. Quiet the mind and learn to meditate. Beginner's welcome. Free class for the members and the community. (Seated in a chair)
